SUPPLEMENT TO [REDACTED]  
REPORT NO. [REDACTED]

25X1X

The following tables show the production procedures of East German margarine. The planned production figures for 1954, broken down according to quarter, for domestic crops, peanuts, and soy beans and the corresponding quantities of crude oil to be obtained from their products, are given. 1/ In conclusion the quantities of refined oil, solid fat, and margarine to be obtained from the crude oil are shown. The figures are in metric tons.

| Plant                 | First Quarter | Second Quarter | Third Quarter | Fourth Quarter | Total          |
|-----------------------|---------------|----------------|---------------|----------------|----------------|
| <b>Domestic crops</b> |               |                |               |                |                |
| Wittenberge           | -             | -              | 11,000        | 13,400         | 24,400         |
